

December 2019

Project overview:

In Spring 2020, the City of Green will be widening Massillon Road from I-77 to State Route 619 to four lanes (two lanes in each direction) with a center median and sidewalks, and three roundabouts at Raber, Stein and SR619/East Turkeyfoot Lake Road.

Currently:

- The City's project manager H.R. Gray is meeting with each business (December/January) to introduce themselves and gather your business contact information.
- Ongoing utility work continuing through the spring.
- Tree clearing to be completed in January 2020.
- The City is developing a communications plan for the project.

Construction Timeline*:

- The City is waiting for final approvals from the State of Ohio (required due to the federal/state funding).
Estimated timeline: Jan. 2020
- Once approval is granted, City will bid the project.
Estimated timeline: Jan. 2020
- Once contractor bids are accepted, legislation will be presented to City Council to approve the construction contract. Legislation will follow the three-reading rule of City Council (or three meetings).
Estimated timeline: March (legislation presented) – Mid-April (legislation approved)
- Construction start-up typically begins 4-6 weeks following contract approval. *Estimated timeline: May 2020 – June 2020*

**Please note any delay in this process will delay the construction start. While we are working hard to move this process along, many steps are legal requirements that can not be rushed or omitted.*

Update Your Contact Information:

Please help us reach you by completing the following.

- Complete contact form at www.cityofgreen.org/MassillonNorth
- Register for text alerts. Text GREENOH to 99411. Please use your work address for alerts.
