

# Roundabout Overview, Updates and Tips

The new roundabouts at Raber Road/Massillon Road and Stein Road/Massillon Road are not quite complete, but they are ready for vehicles.

Starting in October and through the winter months, drivers can use the roundabouts, which will be one lane in all open directions.

This will help with traffic flow as work continues.

## Safety Tips

**When entering, yield to all lanes of traffic within the roundabout.**

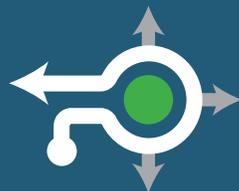

**Never stop within a roundabout.**

**Yield to any pedestrians.**

**Use the roundabout to access businesses you'd normally make a left-hand turn to reach.**

**Turn right and use the roundabout to go left when leaving a business.**
